workshop place and evacuation routes

Room 815
tea time/lunch

water fountain

Room 833
meeting/lunch

NOTICE: Smoking is not allowed in most buildings and public areas in Taiwan, and the workshop venue is no exception.

Workshop major targets

- review of the performance/experience in recent GCRT
- preparation/readiness for phase 2 commissioning
 - From: Satoru YAMADA To: daq@belle2.org
Given recommendation from BPAC and Belle II TC, we'd like to hear some comments from sub-detector(trg) experts about the status and prospect for the high event-rate (>30kHz) test in the coming TRG/DAQ workshop.
 - From ???? To:trg@belle2.org comments about ????
An inquiry on behalf of this workshop and the trg groups got no response.
 - DAQ/TRG test plan during Sept ~ Dec. ~ phase 2.
 - ✓ strategy, milestone, ..., plan B.
- future upgrade plan
 - probably more on DAQ
